I would like to be considered for the Private Sector - Marion County Representative position on
the Mid-Willamette Valley Area Commission on Transportation
(lay or representative designation)
(name of committee, board, council, task force or commission)

The reason I am applying for this appointment is I know all too well the importance of a good transportation system, as I frequently represent firms that rely heavily on the flow, access & capacity thereof. The economic impact is substantial on our local economy.

The personal and professional interests which prompted me to apply for this appointment are I commute throughout the state representing my industry (Commercial & Investment Real Estate), I have seen plans that work and plans that necessitate relocation of firms... moves that prove costly for companies & communities, alike.

Have you served on any other Marion County board, commission, committee, council, or task force? (If yes, please list) Not Marion County, but many State & OR and City forums. I also have held elected public office & have worked extensively with School District 245.

Please list qualifications and skills you have which you believe would be valuable if you are appointed to this position (include relevant skills, activities, training, education)

Experience & Experience! I have worked on the Bend Parkway Project, The Hwy 22 (O.C.I. to Hwy #18) Study, City of Salem Mission to Kuebler Study & on many private projects where traffic engineers are hired as consultants

What community or school activities have you participated in (committees, organizations, special activities)?

Too many to list! I am approaching 50 years of age... remembering them all is the most difficult job these days.
