Department Head Signature:

TITLE Re-appointment of Members to the Health Advisory Board

Issue, Description & Background
The Health Advisory Board advises the Board of Commissioners and Health Department of all issues relating to the public and mental health services offered by Marion County.

The mission of the Health Advisory Board is to serve the interests of the citizens of Marion County by providing leadership (guidance) and advocacy for county health policy and planning, respecting the cultural and ethnic diversity within our communities.

There are currently vacant positions on this board. Michael Mann is a returning board member who is qualified, willing to serve on this committee, and is being recommended for reappointment. These board positions are a 4-year term ending January 31, 2023.

Financial Impacts: None

Impacts to Department & External Agencies None

Options for Consideration:
1) Re-appoint Michael Mann to the Health Advisory Board for a four year term ending January 31, 2023;
2) Do not re-appoint Michael Mann to the Health Advisory Board for a four year term ending January 31, 2023;
3) Take no action at this time

Recommendation: Re-appoint Michael Mann to the Health Advisory Board for a four year term ending January 31, 2023

Business e-mail _____ Business fax _____

I would like to be considered for the member position on
the Marion County Health Department Oversight Board.
(lay or representative designation)

(name of committee, board, council, task force or commission)

The reason I am applying for this appointment is:

See attached.

The personal and professional interests that prompted me to apply for this appointment are:

See attached.

Have you served on any other Marion County board, commission, committee, council, or task force?
(If yes, please list)

1. _____ 2. _____

Please list qualifications and skills you have which you believe would be valuable if you are appointed to this position (include relevant skills, activities, training, and education):

See attached.

What community or school activities, committees or special activities have you participated in?

See attached.

The reason I am applying for this appointment is:

I have suffered from mental illness at times during my life and I am a person who consumes mental health services in Marion County. I believe that this experience gives me insights into the mental health treatment system that might be of value to the board. I am not only a consumer of mental health services but I am a long time resident of Marion County who has attended its schools, churches, service clubs and other organizations. I have a strong interest in the betterment of the lives and services available to its residents. My dream is to in some way help make this happen. I also believe as an American citizen I have a duty to work toward the improvement of my community, if I am able.

The personal and professional interests that prompted me to apply for this appointment are:

I attended Serra Catholic High School in Salem and Lewis and Clark College in Portland, both of these schools gave me an ethic of service and trying to make a difference. I live on a 28 acre farm in Marion County and have always had an interest in my community. I have been a member of St. Mary's Parish, Shaw for 40 years and am a devout Catholic. I believe that a humane and just society is possible, but, it requires individuals taking time and making sacrifices to help one another improve their circumstances. I have great hope in the future of America and the world, but I believe success in the future will require much work. I, also, believe that as a person who has suffered from mental illness and has seen and come in contact with many decent individuals who due to their illnesses have been reduced to a very demeaned condition, I, intimately understand some of their challenges. My hope is that by participating on the board I can help the Marion County Health Department improve their condition.

Please list qualifications and skills you have which you believe would be valuable if you are appointed to this position (include relevant skills, activities, training, and education):

Serra Catholic High School and McNary High School in Salem and Keizer. Lewis and Clark College, Portland . Twenty years experience working in human services where I helped people face challenges in their lives and try to overcome them. I was on teams that were responsible for individuals experiencing triumphs or at least making large improvements in their lives. I worked in sales at Waddell and Reed Inc. where I learned concepts of positive thinking, personal motivation, and setting and achieving goals and action plans. This job gave me an economic perspective, in which, I am well aware that in our world demand is unlimited , but resources are scarce. Work on our family farm which has

given me a sense of the joy of being productive, maintaining a quality home environment, and producing a valuable outcome(the crop). Membership for 40 years in St. Mary's Parish, Shaw which has shown me inspiration, given me hope, taught me charity and compassion , and has enabled me to make many friends. I worked as a licensed tax preparer which gave me an attention to detail. Ten years of membership in the National Republican Congressional Committee that gave me a focus on the challenges and successes faced by our national Congress which includes public health issues and the workings of the economy. An interest in current affairs and the world, that started in high school, which I have developed over the years by reading the New York Times three to five times a week. And last, but, not least, an Uncle who attended the Phillips Exeter Academy in New Hampshire and , who, in relating his experiences gave me a sense of life's possibilities and the greatness of America.

These skills, attributes, and trainings coupled with the fact that I have at times suffered from mental illness give me, I believe, a keen awareness of what people with mental illness face in our world.

What community or school activities, committees or special activities have you participated in?

I have participated in organized sports through high school, including varsity basketball at McNary High School, in Keizer for one year. Intra mural sports at Lewis and Clark College which included being a member of the intramural championship basketball team three years in a row. I was high school junior class treasurer. I was a member of the Keizer Kiwanis, where we did many charitable works, this membership included chairmanship of the membership sub-committee. I was a member of the Key club in high school. I am a parishioner of St. Mary's Parish, Shaw; member St. Mary's Parish, Shaw, Knights of Columbus council, and former secretary and deputy-Grand Knight; I have worked in the Knights of Columbus food booth at the Harvest Fest in Sublimity and at the once monthly Knights of Columbus parish breakfasts at the church hall for several years. I spend time with the Benedictine religious community in Mt. Angel, Oregon each year and keep up with their charitable works including the St. Joseph Shelter and Mt. Angel Seminary. I spent time studying the Navajo and Hopi Indians on their reservations in Arizona and New Mexico during college and saw their plight. I have contributed letters to the Editorial pages of the Statesman Journal and Oregonian newspapers. Writing is a hobby and I have two books I am working on. In 1994, I had an article published in the "American Philatelist". I've been a member of the Salem Area Chamber of Commerce. And finally, I have been a member of Santiam Golf Club, in Stayton and have played golf at various courses for years.
