Catherine Trottman, attorney

Catherine Trottman, a local attorney, has a passion to help and make a difference in her community.

Upon learning of the Marion County Reentry Initiative, Catherine began imagining ways she could help build on local efforts. Over the last year, Catherine has explored options and is excited to launch the new MCRI Inspire program. This program will weave together local talent, provide a safe and supportive learning environment, and encourage MCRI clients to learn about new skills and interests that will assist them in their successful reentry into the community.
