

## Are you a homeowner with a private well? Come to our focus group!

We would like to invite you to a focus group hosted by **Oregon State University** and **Oregon Health Authority's Domestic Well Safety Program**.

- You are being recruited because you are a homeowner with a private well.
- We have a research project to engage private well owners to determine barriers to well water testing and treatment.
- You will be asked a series of questions related to well water testing and treatment. We would like to hear your opinion on why you have or have not tested your well water.
- Your feedback will be very valuable!

---

**Your participation in this meeting is voluntary and we will provide you with a \$25 gift card as a thank you for your participation. We will record your feedback, but your name will not be identified specifically with your comments.**

---

To get more information about this research project, "Environmental Health Literacy Study", please contact:  
**Veronica Irvin PhD,**  
Oregon State University,  
at [veronica.irvin@oregonstate.edu](mailto:veronica.irvin@oregonstate.edu) or  
**541-737-1074.**

**Tuesday June 13th  
6PM -8PM**

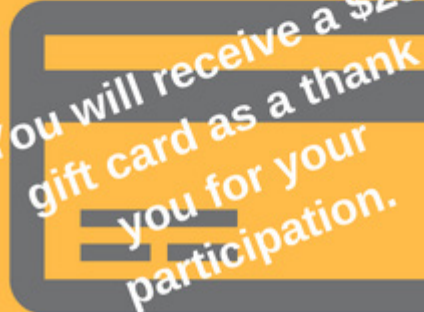

**Woodburn Grange  
908 N Settlemier Ave,  
Woodburn, OR**
