# RECYCLE ART CALENDAR

## During October of 2012...

students in Marion County were preparing their entries for the annual Recycle Art Calendar Contest. The students were encouraged to think critically about waste reduction, reuse, and why it is important to recycle.

Hundreds of entries were received from students all across Marion County! Fourteen students in several grade categories received awards of gift cards valued from \$100 to \$200. Students with winning entries were also awarded certificates that were presented to them by the Marion County Board of Commissioners, Mid-Valley Garbage and Recycling Association (MVGRA), Salem-Keizer School District, and Marion County Public Works – Environmental Services (MCPWES) at a televised ceremony in December.

MCPWES and the eight garbage and recycling companies of MVGRA provide ongoing recycling awareness and education by offering presentations, classes, recycling demonstrations, and free learning materials to the community. If you are interested in learning more about recycling and the conservation of our natural resources, contact Mid-Valley Garbage & Recycling Association at (503) 390-4000 or Marion County Public Works - Environmental Services at (503) 588-5169. Protect our air and water - REDUCE, REUSE, RECYCLE!

This art calendar was coordinated and developed by Griselda Puga, MCPWES Waste Reduction Coordinator; Todd Irvine, General Manager of MVGRA; and Kelley Cary, Salem-Keizer School District Recycling Coordinator.

**Printing these calendars on 100% post-consumer recycled paper saved the equivalent of...**

In Marion County we recycle and give away 30,000 - 35,000 gallons of recycled paint each year, which is enough paint to cover both sides of a ten foot wall stretching from Salem to LaGrande!

Don't throw it away

Each year Americans throw away 25,000,000,000 Styrofoam cups. Even 500 years from now, the foam coffee cup you used this morning will be sitting in a landfill.

Aluminum can be recycled forever with no loss of quality.  
 A recycled aluminum can can be back on the shelf in 60 days.

It's good to shop at resale stores.

Use reusable lunchboxes and containers.

Also use your water bottles more than once.

Use both sides of your paper.

Don't buy more than you need and use reusable grocery bags.

Electronic equipment that is thrown away (known as e-scrap or e-waste) is the fastest growing type of waste in the U.S.

# Reduce To Help Our Earth

4 ways YOU can help

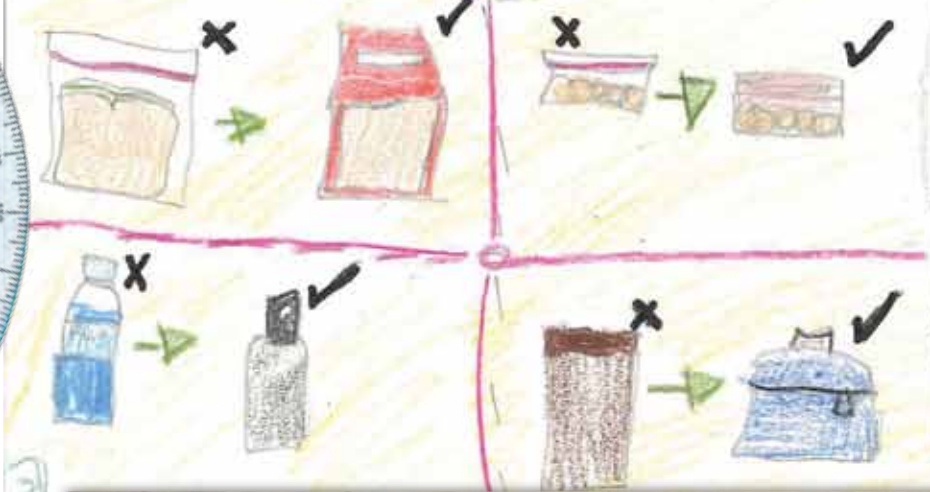

Reduce tree loss by using less paper towels. Use cloth! It's washable!

Reduce electricity, and money by unplugging not in use items. But be careful!

Reduce lunch waste by using lunch plates, and metal water bottles!

Reduce air pollution by riding a bike to school/work or carpool.
