EXHIBIT A

CAPTION: Three-Year Local Option Tax for City Operations

QUESTION: Shall St. Paul assess \$1.50 per \$1,000.00 of assessed value for City operations for three years beginning 2018-19? This measure may cause property taxes to increase more than three percent (3%).

SUMMARY: The City of St. Paul is faced with a variety of important issues including land use planning, housing development, and resource protection. At the present time, two part-time employees, limited consultant assistance, and volunteer citizen efforts are addressing these issues.

The City of St. Paul permanent tax rate provides approximately \$24,429 per year which is not adequate to fund the necessary and required functions of the city, including:

- Street lighting
- Police protection
- Land use planning
- Housing development
- Resource protection
- Budget and financial management
- Insurance
- General administration
- Professional services: auditing, legal, engineering and planning

The requested rate will raise approximately \$59,516.00 in fiscal year 2018-19.

This measure is subject to the limits of Section 11(b), Article XI of the Oregon Constitution. The revenues raised will be for government purposes other than schools.
