

Public Infrastructure Improvements

- **Construction of, or rehabilitation of public infrastructure**
 - o Construct new infrastructure.
 - o Rehabilitate existing infrastructure.
 - o The infrastructure must be under the jurisdiction of a public agency within Marion County.
 - o Projects within the city limits of Salem are excluded.
- **Examples of types of projects allowed**
 - o Replacing deteriorated streets and sidewalks.
 - o Improvements to storm and sanitary sewer systems.
 - o Improvements to local parks.
- **How projects qualify for funding**
 - o The project must serve a community where the median income of the community is 80% or lower than the Marion County Area Median Income (AMI), or
 - o A specified benefit area that is directly served by the improvements is 80% or lower than the Marion County AMI.

**Funds are awarded by the
Marion County Board of Commissioners**
