Flexible Services Request

PacificSource Community Solutions

Thank you for your interest in health-related flexible services.

Flexible services are cost-effective items or services that we offer to members. These are things that may enhance covered benefits.

The item or service must:

- Not be a covered benefit under your health plan.
- Be cost-effective and have a provable health outcome. This means they are evidence-based or widely accepted best clinical practice.
- Be part of your treatment plan.

Examples of approved flexible services requests include:

- Short-term hotel stay to recover after a hospital stay
- Weight scale to help track weight at home
- Move-in costs for a sober living home
- Home exercise gear, such as yoga mat, exercise shoes, or small weight set
- Gym or fitness center punch pass (not membership)
- Items recommend by a mental health doctor. Examples: a weighted blanket, light therapy lamp, or art therapy supplies
