

FEMA PUBLIC ASSISTANCE

Eligibility of Private Nonprofit Organizations

PNP Organizations

PNP organizations or institutions that own or operate facilities that provide certain services otherwise performed by a government agency are eligible for assistance. These organizations, their facilities and services must meet additional eligibility criteria beyond that which apply to governmental type applicants.

Only certain PNPS are eligible Applicants. To be an eligible Applicant, the PNP must show that is has:

A current ruling letter from U.S. Internal Revenue Service granting tax exemption under section 501(c), (d), or (e) of the Internal Revenue Code of 1954; or Documentation for the State substantiating it is a non-revenue producing , nonprofit entity organized or doing business under State law.

To be eligible for assistance, the primary purpose of a PNP must be to provide a public service that is not restricted by a specific definition or by prohibitive fees. If access to the use of PNP services is restricted, the PNP is not eligible.

Additionally, prior to determining whether the PNP is eligible, FEMA must first determine whether the PNP owns or operates an eligible facility. For PNPs, an eligible facility is one that provides an eligible service defined as either Critical PNP or Non Critical Essential Services PNP.

Critical PNP Services: A facility that provides a critical service, which is defined as education, utility, emergency, or medical (see Table 1); or

Non Critical PNP Essential Services: A facility that provides a non-critical, but essential social service AND provides those services to the general public (see Table 2).

Application Requirements for PNPs

Emergency Work. All PNPs that are eligible for FEMA assistance, as described above and in 44 CFR 206.221(e), may apply directly to FEMA for emergency assistance under 44 CFR 206.225 through the State.
