# Welcome Marion County Volunteer or Intern

“We make a living by what we get, but we make a life by what we give.”  
~Winston Churchill

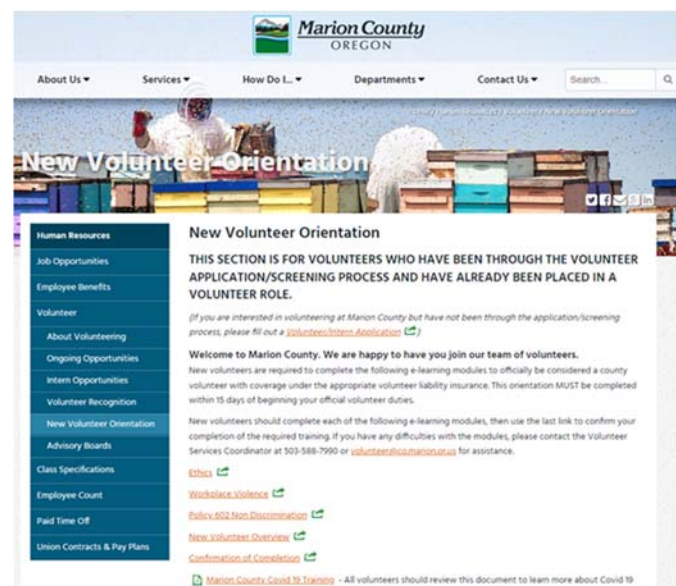

Thank you for making a commitment as a volunteer for Marion County. With your help, we can expand and enhance a wide variety of services and supports available to the citizens of Marion County. We are fortunate here in Marion County—we benefit from strong civic engagement, and over the years many volunteers have made significant contributions of time, energy and expertise. We are grateful to the many individuals who have been, and continue to be part of Marion County through volunteer service.

The information in this handbook has been prepared for you, the volunteer, so that you understand the policies, practices and philosophies that make Marion County a great place to volunteer and work.

Marion County encourages volunteer participation of persons under 12 with family participation, 12 - 17 years of age with parental permission, and adults. Anyone interested in helping neighbors and making a difference in our community is welcome to apply. Volunteer position availability varies. Some volunteer positions may be available on an ongoing basis, while others are open only one-time. Several of our volunteer programs require specific training before beginning service. Marion County Volunteers are considered unpaid staff and are expected to adhere to the same policies and procedures as paid staff.

Volunteers are given a general orientation on the contents of this manual prior to assisting Marion County, and have on-going access to training videos covering the county's policies on Ethics, Workplace Violence Prevention, and Discrimination & Harassment Free Workplace. An overview video of our New Volunteer Orientation is available as well at <https://www.co.marion.or.us/HR/VOL/Pages/New-Volunteer-Orientation.aspx>. Departments provide additional on-site orientation and training for their volunteer positions.

**We wish you success in your volunteer experience and hope this information will be helpful to you as a volunteer for Marion County. If at any time you have questions or need more information, please ask either your department supervisor or the county volunteer services coordinator for assistance.**

This policy is equally applicable to vendors, grantees, contractors and subcontractors of the county concerning their interaction with county employees and volunteers.

**No employee or volunteer shall discriminate in employment practices or provision of county services to any person of protected status.** Interview questions or competency tests that tend to screen out protected classes and are not related to essential job functions cannot be used. **Employees, elected officials, volunteers, contract workers and agents of Marion County who experience any form of, or have knowledge of, a violent act committed or threatened to be committed in the workplace by any person must report this action.**

**Should a violent incident occur**, the first priority is the safety of the persons in the area. If a person feels threatened or in danger of imminent bodily harm, he or she should take the following steps:

1. Leave the scene if it can be done safely.
2. Call 9-911 (from a county line) if the situation warrants.

**Marion County recognizes there may be situations that demand immediate actions to protect oneself or others against an act of violence.** If an incident occurs where instant and immediate actions must occur and there is no time to contact supervisors or wait for law enforcement to respond, employees, elected officials, volunteers, contract workers or agents may protect themselves consistent with the law.

## **Use of Computer, Fax, E-mail and Internet**

*Marion County Administrative Policy #701; Use of Computing and Communications Assets*

The proper use of county office and telecommunication equipment, e-mail, and Internet is an important method of effectively carrying out the mission of Marion County. Office equipment and data communication hardware and software are to be used for official county business. Brief and infrequent personal use of these items is permitted consistent

with this policy and department guidelines:

- **Software purchased by the county may not be copied for personal use** and only software, hardware, and diskettes owned by Marion County should be used on county computer systems. All software must be used in accordance with its licensing agreement.
- **All communications, files, and attachments on e-mail and word processing systems are considered public records** available for public inspection, unless specifically exempted by state law. Confidential information should not be delivered to another person by e-mail. Any message or wording that degrades or humiliates any person is strictly prohibited. Incidental personal use of e-mail during breaks and outside of work hours is permitted, subject to the provisions of this policy. All e-mail communications are subject to inspection at any time and without notice.

Personal calls shall be limited to calls that are infrequent and brief and necessary to conduct personal business. No long-distance calls are allowed unless billed to a calling card.

*Marion County Administrative Policy #518, Drug and Alcohol Free Workplace*

**The purpose of the Drug and Alcohol Free Workplace Policy is to promote employee safety, health, and efficiency by maintaining a workplace free from prohibited alcohol and drug use. Volunteers must abide by the provisions of this policy as a condition of volunteer service with Marion County.**

General fitness for duty and attendance standards:

- It is the county's expectation that volunteers shall not report for duty or be on call while "under the influence" of alcohol or drugs.
- Volunteers shall not report for duty while using, consuming, possessing or "under the influence" of medical marijuana pursuant to the Oregon Medical Marijuana Act, ORS 475.300 to 475.346.

- Volunteers shall not distribute, dispense or sell prescription medications except when lawfully required as part of the job or volunteer duties.

## **Insurance**

*Marion County Administrative Policy #514,  
Volunteer Injury Coverage*

### **Accident insurance**

Marion County has volunteer accident insurance for any work-related injury incurred during the course of a volunteer's official duties as outlined on the volunteer job description. Coverage is initiated when a completed Volunteer/Intern Application Form, proof of volunteer orientation, and a job description have been submitted to the county's volunteer services coordinator.

The Volunteer Insurance Coverage applies after the volunteer's own medical or any other primary coverage. Limits for volunteer injury coverage are \$10,000 for accidental death and dismemberment, \$5,000 for medical expenses, and \$500 for dental expenses.

Exception: Sheriff's Office Reserve Deputies, Search and Rescue Team and Cadets are covered under the county's Worker's Compensation Insurance.

### **Liability protection for volunteers**

Marion County is a local public body and is subject to legal action and suit for the torts of its officers, employees and agents, including volunteers (Oregon Tort Claims Act, Oregon Revised Statutes 30.260 - 30.302). A tort is any breach of a legal duty which results in injury to a specific person or persons for which the law provides a remedy. "Injury" can include such things as financial loss, damage to reputation or emotional injury as well as physical injury.

According to the Act, the action or suit is brought only against the county, not against the individual volunteer. The volunteer, upon written request, is entitled to indemnification (protection from the cost of any judgment) and legal defense for any tort committed while in the performance of the volunteer's duties. This is true unless the act or omission complained of amounted to malfeasance in office, willful or wanton neglect of duty, or criminal activity.

Volunteers are included, along with agency employees, in tort and civil liability coverage. This coverage extends to injury or wrong to another person or another's property while on a volunteer assignment.

### **Automobile Liability**

Volunteers may be cleared to drive as part of their volunteer work. The volunteer must complete and submit a driving history release form (in some departments the driving check is performed as part of the criminal history check) to the volunteer services coordinator prior to driving. A valid driver's license and an acceptable driving record are required before a volunteer will be permitted to drive. Risk Management has the final authority for determining if an individual's driving history meets county standards.

In addition, if a volunteer will be driving his or her personal vehicle, proof of current insurance on the vehicle must be photocopied and included in the volunteer's file with the county volunteer services coordinator before they can drive on county business. Volunteers who drive clients must be assigned to a volunteer position approved by the department head and Risk Management.

In case of an accident in a private automobile, the volunteer's own insurance is primary. Marion County shall indemnify the volunteer for claims within statutory limits if the claims are greater than the volunteer's insurance liability limits. For indemnification to be available, the volunteer must be approved to drive and the volunteer's conduct must have been within the scope of their official duty, and it must not constitute willful neglect. Marion County does not reimburse volunteers for deductibles or pay for damage to the volunteer's private vehicle.

## ***Procedures, Expectations and Other Information***

### **Screening**

To maintain security in departments and for certain clients, many volunteer positions require a criminal history and/or driving history check. Only necessary background checks required for the volunteer position are performed. Additionally, some departments will also collect and check personal references. Any check into a volunteer's background is conducted in a professional and confidential manner and is only performed with the volunteer's knowledge and permission.

## Customer Service

Marion County's primary function is to provide service to its customers, the people who live and work in Marion County and its visitors. Volunteers, whether or not they have direct public contact, are engaged in providing this customer service. Every person who enters a Marion County office or work site is a customer and should be made to feel as though their interests or concerns are important. The role of the county is not to regulate the customer, but to help the customer meet the requirements imposed by regulations.

Marion County has established values to guide our service and product delivery:

- Treat internal and external customers professionally and with dignity honesty, courtesy, humility, respect and fairness.
- Seek to understand through active and objective listening.
- Respond in a timely, efficient manner.
- Respond with accurate, complete and understandable information.
- Be open and collaborate when problem solving.
- Continue to improve services by soliciting feedback

Each department or office of an elected official has developed specific customer service guidelines that allows that office to provide exemplary service to the public.

## Confidentiality

Due to the nature of services Marion County offers the public, many county departments process information that is confidential and not public record. For that reason, in some county departments, staff and volunteers are asked to sign a confidentiality statement, agreeing to keep information to which you have access confidential and not discuss it with anyone other than the staff person with whom you work. Confidentiality also applies to information that is overheard by and spoken directly to you.

## Health Information Portability and Accountability Act (HIPAA)

Since many county departments handle medical records of clients, following the HIPAA guidelines is required. HIPAA is an upgraded code of behavior for the healthcare industry and someone's health information. HIPAA ensures better customer privacy, security of protected health information, and upgraded standards in electronic transmissions of health records. Handling clients' protected health information means using de-identified information when practicable, being aware of responsibility to a person's protected health information, and avoiding improper use and disclosure of protected health information. Departments with volunteers in positions of access to protected health information provide training on HIPAA. Additional information is available from the county volunteer services coordinator or risk manager.

## Tracking Volunteer Hours

It is important that either you or your supervisor track your volunteer hours and submit them on a quarterly basis to the county volunteer services coordinator. A record of your hours shows when you were on the job for accident claims, can be used to verify work experience for job references, and is used to compile the county's annual volunteer report. You can create an account that connects to our volunteer management database to track hours electronically or you can obtain a print form from your supervisor or the county volunteer services coordinator. Visit <https://www.co.marion.or.us/HR/VOL/> and use the "Volunteer Account Access" link to create an account.

## Parking

Free parking is available at most Marion County sites. Limited parking permits may be available for volunteers who are volunteering at a location in downtown Salem, but in most cases the volunteer is responsible for securing needed parking permits through the City of Salem. Visit <https://www.cityofsalem.net/Pages/downtown-parking-permit.aspx> for more information about free or permit parking in downtown Salem. Tickets for illegal parking are expensive and will not be reimbursed by the county. Many Marion County sites are also easily accessible by public transportation.

## Volunteer Service Descriptions

Every county volunteer must have a volunteer service description (job description) for the work that they will be doing. The service description outlines the volunteer's duties and level of responsibility. Some work-experience volunteers or college interns may have program or learning objectives that can be included in the job duties. It is the responsibility of a volunteer's supervisor to provide the county volunteer services coordinator with a job description prior to the start of volunteer service.

## Recycling

Marion County makes every effort to practice waste reduction whenever possible. How this is accomplished varies in each department and work site; however, here are some general suggestions that are useful almost everywhere:

- ◆ Reuse materials whenever possible
- ◆ Cut down on the production of waste through use and reuse
- ◆ Recycle recyclable materials and stay up to date on waste management in your area
- ◆ Provide easily accessible recycling receptacles
- ◆ Contract with non-county recyclers when necessary
- ◆ Purchase recycled or refillable products whenever possible
