

## CET Fact Sheet

### What is the Construction Excise Tax (CET)?

In the 2007 Regular Session, the Oregon State Legislature passed a law (Senate Bill 1036) that will help Oregon school districts pay for a portion of the cost of new or expanded school facilities. The bill allows school boards, in cooperation with cities and counties, to tax new residential and non-residential development. Effective 8/1/19, the tax will be assessed at \$1.35 per square foot on residential construction and \$0.67 per square foot for non-residential construction, not to exceed \$33,700 per building permit or \$33,700 per structure, whichever is less.

### What does the tax pay for?

The tax pays for capital improvements including: land acquisition; construction, reconstruction or improvement of school facilities; acquisition or installation of equipment, furnishings or other tangible property; architectural, engineering, legal or similar costs associated related to capital improvements; or the payment of obligations and related costs of issuance that are issued to finance or refinance capital improvements.

### How Tax Rates Are Determined:

SB 1036 set initial tax rate limits and beginning in 2009, tax rates were indexed to inflation using the Engineering News-Record Construction Cost Index. As prescribed in statute, the Department of Revenue is responsible for updating the tax rate limits and notifying affected districts.

Fiscal Year	2013-14	2014-15	2015-16	2016-17	2017-18	2018-19	2019-20
Residential	1.14	1.17	1.20	1.23	1.26	1.30	1.35
Non-Residential	0.57	0.58	0.60	0.61	0.63	0.65	0.67
Non-Residential Max	28,400	29,200	29,900	30,700	31,400	32,600	33,700

### Who has to pay this tax? Am I exempt from paying the tax?

The tax applies to construction permits on property located within Cascade School District's jurisdiction, issued on or after December 1, 2007. Exemptions are provided for the following: private school improvements; public improvements as defined in ORS 279A.010; certain residential housing that is guaranteed to be affordable under guidelines established by the U.S. Department of Housing and Urban Development; public or private hospital improvements; improvements to certain religious facilities; and agricultural buildings as defined in ORS 455.315

(2)(a). Please see the CET Exemption Application for additional information.

### Is my property located within Jefferson School District's jurisdiction?

Jefferson School District's jurisdiction includes properties located within the City of Jefferson, as well as rural property in Marion County. If you have questions about your jurisdiction, you may call the Marion County Assessor at 503-588-5144.

### Why is the tax needed?

Oregon's fastest growing school districts are overcrowded and many older schools throughout the state are in need of repair. This tax will require developers to share the cost of growth with school districts

### Who can I contact for more information?

If you have additional questions, you may contact Jefferson School District at 541-327-3337 ext 1051.
