

Attention Property Owner: A land use proposal has been submitted for property near where you live or near property you own elsewhere. State law requires that the county notify property owners within a certain distance from this property. The proposal and address of the property is described in the "Application" section below. The decision in this case does not directly affect the zoning or use of your property. If you object to the decision, refer to the "Appeal" section. If you have questions, contact the staff person listed at the end of this report.

**NOTICE OF DECISION
PROPERTY LINE ADJUSTMENT CASE NO. 20-026**

APPLICATION: Application of Daren, Carrie, Herbert and Mitzie Wilson to adjust the property lines on a 3.86 acre property and a 0.9 acre property to create a 3.75 acre property and a 1.1 acre property in an EFU (Exclusive Farm Use) and a C (Commercial) zone located at 8798 Cascade Highway NE, Silverton (T6S, R1E, Section 17A, Tax lots 300 and 400).

DECISION: The Planning Director for Marion County has **APPROVED** the above-listed Property Line Adjustment application subject to certain conditions.

EXPIRATION DATE: Title transfer instruments accomplishing the property adjustments shall be recorded by the applicants with the Marion County Clerk by **August 19, 2022** (two years). The effective period of an approved application may be extended for an additional year subject to approval of an extension (Extension form available from the Planning Division). **Additional extensions may not be granted if the regulations under which this decision was granted have changed since the original approval.**

WARNING: A decision approving the proposed uses is for land use purposes only. Due to septic, well and drainfield replacement areas, this parcel may not be able to support the proposed activities. To be sure the subject property can accommodate the proposed use the applicant needs to check with the Building Inspection Division, (503) 588-5147.

This decision does not include approval of a building permit.

CONDITIONS: The following conditions must be met before a building permit can be obtained or the approved use established:

1. **Property line adjustment deeds shall be recorded with the county clerk meeting requirements identified in ORS 92.190(4).** The deeds shall contain the names of the parties, the description of the adjusted lines, references to original recorded documents and signatures of all parties with proper acknowledgment. The deeds shall include a perimeter description of each resulting parcel. **This property line adjustment is not complete until the title transfer instruments accomplishing the property adjustments are recorded by the applicants with the Marion County Clerk.**
2. **Prior to recording the property line adjustment deeds,** the applicants shall have both parcels surveyed per ORS 92.060 (7). The survey shall be filed with the County Surveyor and shall contain the notation that the survey is the result of Property Line Adjustment Case 20-026. (Final Plat Instructions enclosed).
3. Property line adjustment deeds shall be recorded with the Marion County clerk's office prior to submitting the property line adjustment survey. Deed recording reference numbers shall be noted on the required survey.
4. The resulting parcels shall significantly conform to the site plan submitted with the proposal. Minor variations are permitted upon review and approval by the Planning Director.

ADDITIONAL CONDITIONS: Once the approved use is established the following conditions must be continually satisfied:

5. After the property line adjustment has been completed, no alteration of property lines shall be permitted without first obtaining approval from the Planning Director.

OTHER PERMITS, FEES, AND RESTRICTIONS: This approval does not remove or affect any covenants or restrictions imposed on the subject property by deed or other instrument. The proposed use may require permits and/or fees from other local, State or Federal agencies. This decision does not take the place of, or relieve the responsibility for obtaining other permits or satisfying any restrictions or conditions thereon. It is recommended that the agencies mentioned in Finding #6 below be contacted to identify restrictions or necessary permits.

6. Applicant is advised that prior to recording the deed all taxes due must be paid to the Marion County Assessor Tax Section (contact them at (503) 588-5215 for verification of payments).

APPEAL PROCEDURE: The Marion County Zone Code provides that certain applications be considered first by the County Planning Director. If there is any doubt that the application conforms to adopt land use policies and regulations the Director must condition or deny the application. Anyone who disagrees with the Director's decision may request that the application be considered by a Marion County hearings officer after a public hearing. The applicant may also request reconsideration (one time only and a fee of \$200) on the basis of new information subject to signing an extension of the 150 day time limit for review of zoning applications.

A public hearing is held on appeals subject to the appellant paying a \$250.00 fee. Requests for reconsideration, or consideration by a hearings officer, must be in writing (form available from the Planning Division) and received in the Marion County Planning Division, 5155 Silverton Road NE, Salem, by 5:00 p.m. on **August 19, 2020**. If you have questions about this decision contact the Planning Division at (503) 588-5038 or at the office. This decision is effective **August 20, 2020** unless further consideration is requested.

FINDINGS AND CONCLUSIONS: Findings and conclusions on which decision was based are noted below.

1. The subject property labeled "Lot A" on the site plan is designated Primary Agriculture in the Marion County Comprehensive Plan and correspondingly zoned EFU (Exclusive Farm Use. The subject property labeled "Lot B" is designated Commercial in the Marion County Comprehensive Plan and correspondingly zoned C (Commercial).
2. The properties are located northeast of the intersection of Mt. Angel Scotts Mills Rd and Cascade Hwy NE. Tax lot 300 is a developed commercial use and has structures associated and tax lot 400 contains a dwelling, an accessory building and is in farm use.
3. Adjacent properties are zoned EFU in all directions and contains parcels in farm use with some containing dwellings.
4. Soil Survey for Marion County, Oregon, indicates approximately 100% of the soils on the subject tax lots are classified as high value.
5. The applicants are proposing to adjust the property lines on a 3.86 acre property and a 0.9 acre property to create a 3.75 acre property and a 1.1 acre property.
6. Marion County Surveyor's Office commented:
 1. Must be surveyed per ORS 92.060 (7) and the survey submitted for review.
 2. Survey checking fee required at the time of review.
 3. Property line adjustment deeds shall be recorded with the Marion County Clerk's Office prior to submitting the property line adjustment survey. Deed recording reference numbers shall be noted on the survey map. Per ORS 92.190 (4): The deed shall contain the names of the parties, the description of the adjusted line, references to original recorded documents and signatures of all parties with proper acknowledgment. [See Marion County Zoning Code MCC 16.33.140(E) and MCC 17.172.120(E)] Marion County Planning requires perimeter descriptions of the resultant properties.

Marion County Assessor's Office commented regarding property taxes and suggests the applicant contact Marion County Assessor's Office at (503) 588-5049.

Various agencies were contacted about the proposal and given an opportunity to comment. All contacted agencies either failed to comment or stated no objection to the proposal.

7. The criteria for reviewing lot line adjustments within an EFU zone are listed in Chapter 17.136.090(C) MCC. These criteria are as follows:
 - (a) *When one or more lots or parcels subject to a proposed property line adjustment are larger than the minimum parcel size pursuant to MCC 17.136.090(A)(1), the same number of lots or parcels shall be as*

large or larger than the minimum parcel size after the adjustment. When all lots or parcels subject to the proposed adjustment are as large or larger than the minimum parcel size, no lot or parcel shall be reduced below the applicable minimum parcel size. If all lots or parcels are smaller than the minimum parcel size before the property line adjustment, the minimum parcel size pursuant to this section does not apply to those lots or parcels.

- (b) *If the minimum parcel size in MCC 17.136.090(A)(1) is larger than 80 acres, and a lot or parcel subject to property line adjustment is smaller than the minimum parcel size but larger than 80 acres, the lot or parcel shall not be reduced in size through property line adjustment to less than 80 acres.*
- (c) *Any property line adjustment shall result in a configuration of lots or parcels that are at least as suitable for commercial agriculture as were the parcels prior to the adjustment.*
- (d) *A property line adjustment may not be used to:*
 - 1. *Decrease the size of a lot or parcel that, before the relocation or elimination of the common property line, is smaller than the minimum lot or parcel size for the applicable zone and contains an existing dwelling or is approved for the construction of a dwelling, if the abutting vacant tract would be increased to a size as large as or larger than the minimum tract size required to qualify the vacant tract for a dwelling;*
 - 2. *Decrease the size of a lot or parcel that contains an existing dwelling or is approved for construction of a dwelling to a size smaller than the minimum lot or parcel size, if the abutting vacant tract would be increased to a size as large as or larger than the minimum tract size required to qualify the vacant tract for a dwelling; or*
 - 3. *Allow an area of land used to qualify a tract for a dwelling based on an acreage standard to be used to qualify another tract for a dwelling if the land use approval would be based on an acreage standard.*
- (e) *Any property line adjustment that results in an existing dwelling being located on a different parcel shall not be subject to the standards in MCC 17.136.030(A) so long as the adjustment:*
 - 1. *Does not increase the any adverse impacts on the continued practice of commercial agriculture on the resulting parcels; and*
 - 2. *Does not increase the potential number of dwellings on the resulting parcels.*

9. Tax lot 300 is currently being used as a commercial use and meets the minimum lot size requirements. Tax lots 400 and 500 are under the minimum parcel size and will remain so after adjustment, the criterion in #7(a) is met. This reconfiguration will not affect the farming practice on tax lot 400 and 500 as stated in the applicant statement as the land being adjusted is not part of the area to be harvested by the farm operation, the criterion in #7(c) is met. This adjustment will not be used to decrease any lot smaller than the minimum lot size. The adjustment will allow the property lines to match the existing development and zoning boundaries. The adjustment will not be used to qualify any parcel with an acreage standard, the criterion in #7(d) 1, 2 and 3 are met. This adjustment does not increase any adverse impacts on the agriculture production currently happening nor does it increase the potential number of dwellings on resulting parcels, the criterion in #7(e) 1 and 2 are met.

10. Under MCC 17.172.120(E) Property line adjustment deeds shall be recorded with the Marion County clerk's office.

11. The resulting lots shall significantly conform to the site plan submitted with the proposal. Minor variations are permitted upon review and approval of the Planning Director.

12. Based on the above findings, the applicants' proposal meets the criteria for a property line adjustment in an EFU zone. The property line adjustment request is, therefore, **APPROVED**, subject to conditions.

Joe Fennimore
Planning Director
